

How to METAPROTOCOL

0 → 1

1 → n

Loops and Iterations

Own the
implementation

T.R.E.A.M.

**TESTS RULE
EVERYTHING AROUND ME**

PART 2

T.R.E.A.M.

**TYPES RULE
EVERYTHING AROUND ME**

Dependencies
are not your
friend

Just is a must

To mock, or not to mock,
that is the question

- Loops and Iterations
- T.R.E.A.M
- Own the implementation
- Mis en place
- Dependencies are not your friend
- Just is a must
- To mock, or not to mock, that is the question

Luke Dashjr  

@LukeDashjr

By lying and tricking the code.

Are you trolling or just stupid?
